

Renovations completed on Katterbach Commissary

A ribbon cutting ceremony was held for the newly renovated commissary in Katterbach on Bismarck Kaserne. Renovations to the facility included asbestos abatement, floor repair, painting, the addition of new display cases and cash registers, and a new entrance. Europe District Project Engineer Gerhard Koffler and Europe District Resident Engineer Armando Solis worked on the project. Construction on the project was completed by the contracting firm WM Bau & Guether Sanitar GmbH as a joint venture. Individuals assisting with the ribbon cutting (pictured above right) include 235th Base Support Battalion Commander Lt. Col. Simms, Chief of Operations Division DeCA European Region Joel McCarty, and the first two customers of the newly renovated commissary. *(Photo by Gabriel Bearthes, Europe District)*
